Dear Mr. Hartzch

Re: Your request for access to information under Part 2 of *The Freedom of Information and Protection of Privacy Act*: PMH-2019-46

On December 12, 2019 Prairie Mountain Health received your request for access to the following records:

- Please provide data on the expenses and revenues for all cafeterias and food service facilities (that serve food/beverages to the public) in your health region for 2017/18 and 2018/19. Please break out the data by health facility, year, and the names of any cafeterias or food service vendors wherever possible.

On December 17, 2019, we contacted you for clarification on your request. You clarified that you were only seeking the expenditures and revenues of cafeterias from the larger facilities in Prairie Mountain Health (PMH) and not to include any personal care homes. We informed you that there are five healthcare facilities in PMH that have a designated cafeteria due to them having a cash register. You were agreeable to providing information on these five healthcare facilities. On this date, we also explained that the expenditures for cafeterias are calculated as an estimate based on the facility meal days, and you were agreeable to receive the expenditures as an estimate. I am pleased to inform you that your request for access to these records has been granted in full. Please see the table below for the 2017/18 and 2018/19 fiscal year expenses and revenues for cafeterias in the following health care facilities in PMH: Brandon Regional Health Centre, Dauphin Regional Health Centre, Swan Valley Health Centre, Tri-Lake Health Centre (Killarney) and Roblin Health Centre.
