DECISION

Subject: Your FOI Request

Our File FOI-22-005

Dear Kristen,

This letter is in response to your access request under the Freedom of Information and Protection of Privacy Act (The Act) for;

- **The number of patients that died while on a waiting list for surgery or a procedure in fiscal year 2021-22:**
 - Break the data out by procedure and case information:
 - Date the patient was referred to a specialist;
 - Decision date;
 - Date for the procedure;
 - Date of cancellation; and,
 - Government target time for providing the procedure in question.

We are pleased to inform you that we will be providing full access to the records requested. The responsive records are enclosed.

Please note:

Freedom of Information legislation provides a right of access to information and data we hold as the Health Information Custodian (HIC). Regarding the information provided in response to this request, the information may not accurately reflect or hold relevance for the purpose of the request. Therefore, although the responsive records provide information on patients who expired before the surgery or procedure, it is unconfirmed whether the death is related to the wait. Furthermore, there may be instances of death before the surgery or procedure that may not have been captured through reporting (i.e., outpatients in which the hospital may not have received notice of patient death or any other changes in medical condition).

If you disagree with this decision, you may request that the Information and Privacy Commissioner review your file. The Commissioner can be reached at:
