**Re: Request for Access to Records
Freedom of Information and Protection of Privacy Act (FOIPPA)**

I am writing further to your request received by the Ministry of Energy, Mines and Low Carbon Innovation . Your request is for:

Records regarding the impact to the province's electricity system and ratepayers due to the federal government's decision to require 100% of all passenger cars and trucks sold by 2035 to be zero emission. Include any estimates or analysis on changes necessary to power generation needs, transmission requirements, local distribution infrastructure, household upgrades and the cost to consumers. Please also provide copies of any materials provided to the federal government related to this topic and their announcement.

(Date Range for Record Search: From 3/1/2021 To 2/2/2023)

The Ministry did not locate records as they didn't do any analysis, nor did they receive any analysis from the Federal Government of the information you're requesting. The Ministry has advised to contact the Government of Canada [Access to information and privacy - Canada.ca](https://www150.ca.gov/access-to-information-and-privacy)
