

**Number of patients who died in FY 2022/23 who were on the surgical waitlist for VCH**

Total number of deceased patients: 222

NOTE: The below cases were removed from the Surgical Patient Registry (SPR) upon notification of patient death. As there can be a delay between a patient's death and the removal of the surgical case from the SPR, the reported wait time is longer than the actual time the patient was on the wait list. In addition, there is not necessarily a direct correlation between patient wait time and their death; for example, a patient waiting for cataract surgery will not die due to waiting for this surgery.

Patient	Procedure Description	Referral to Surgeon Date	Date of Decision for Surgery	Booking Form Received Date	Target Wait Time in Weeks	Surgery Cancelled Date
1	CYSTOSCOPY PYELOGRAM STENT INSERTION/REMOVAL	19-Aug-20	21-Mar-22	13-Apr-22	4	7-Sep-22
