RE: Decision Letter; LH FOI File# 2023-010

Dear Ms. Schulz,

Thank you for your request which was received by our office on May 1, 2023.

We have made the following decision in response to your request for information made under the *Freedom of Information and Protection of Privacy Act* for access to:

1. Data on the # of patients that died while on a waiting list for either a diagnostic scan or a consultation with a specialist in fiscal year 2022-23.
 - o Please break the data out by:
 - a) Procedure & Case info
 - b) Date the patient went on the waiting list
 - c) Date for the meeting with a specialist or date for diagnostic scan (if scheduled)
 - d) Date of cancellation
2. The government's target time for providing the consultation or scan in question.

I am pleased to grant you access to items #1a, #1b, #1c and #2.

Access cannot be provided to item# 1d, as the records do not exist, as the provincial system did not include it in the extract. You may be able to obtain this information via the provincial WTIS (Wait Time Information System) Portal.

Section 57 of the Act permits the hospital to charge certain fees in connection with a request for access. In order to provide you with access to the requested records, you must pay **\$0.00** (all fees waived due to delay in processing).

...2

You may request this fee estimate be reviewed by the Information and Privacy Commissioner within 30 days of receipt of this letter.

*** Interpretation Notes**

- Based on Health Card Number (not provided herein), some patients had two entries in the wait list, usually for multiple procedures such as MRI+CT, or CT Abdomen + CT Thorax, etc. As such, the total number of rows is not equal to the total number of unique patients.
- Please note that this report cannot be used to determine a correlation between the wait time for diagnostic imaging or surgical procedure and patient death.

- The information attached is representative of the cancellation date entered in the system for patients that died while on a wait list in FY2021/22, which may not be reflective of the specific date the patient died. Instead, this cancellation date represents when the wait list entry was cancelled or last updated.
- Further, please note that some scheduled procedures may have been in the process of being scheduled (01/01/9999) or rescheduled at the time of the patient's death. In the case of the latter, scheduling may have been on hold pending a determination of readiness to proceed.
- Generally, scheduling may be impacted for a number of reasons, including patient-specific medical and non-medical circumstances such as: awaiting patient recovery, maturation (in the case of paediatric patients), medical stability (fitness for surgery), further work-up/testing results, other procedures and/or patient deferral. 'Days Affecting Readiness to Treat', as these aforementioned scenarios are termed in the Wait Time Information System (the source of this data), are not included herein.
