Dear Kristen Schulz:

## RE: Access to Information Request – HE008-25G

Thank you for your Access to Information Request received in this office on May 17, 2024, pursuant to *The Freedom of Information and Protection of Privacy Act* (the Act) requesting:

Please provide data on the number of patients that died while on a waiting list for surgery or a procedure in fiscal year 2023-24. Please break the data out by procedure and case info – date the patient was referred to a specialist, decision date, date for the procedure and date of cancellation. Please also note the government's target time for providing the procedure in question. (Note: many hospitals/health regions were able to identify such cases as they track the reason for cancelled operations.)

In accordance with sections 5 and 8 of the Act, this is to inform you that your access request has been fully granted.

Should you be dissatisfied with the response you receive or the manner in which your request is handled, you may apply for a formal process review by submitting a written request in accordance with section 49 of the Act to:

Office of the Information and Privacy Commissioner 503, 1801 Hamilton Street REGINA SK S4P 4B4 If you wish to contact us, direct your correspondence to Seyi Adekeye at <a href="mailto:seyi.adekeye@health.gov.sk.ca">seyi.adekeye@health.gov.sk.ca</a>. Please cite the assigned Ministry of Health identifier number HE008-25G when making an enquiry.

Yours truly,

Lisa Dietrich

Director Health Inform

(Dietuis

Director, Health Information and Privacy Chief Privacy Officer

## Surgical cancellations between 01-Apr-2023 and 31-Mar-2024 where the reason for cancellation was death of the patient

Access to Information request: Please provide data on the number of patients that died while on a waiting list for surgery or a procedure in fiscal year 2023-24. Please break the data out by procedure and case info – date the patient was referred to a specialist, decision date, date for the procedure and date of cancellation. Please also note the government's target time for providing the procedure in question. (Note: many hospitals/health regions were able to identify such cases as they track the reason for cancelled operations)

The information is based on 26-May-2024 refresh of the Saskatchewan surgical registry data mart. There are 385 records for this time period.

The Date of Referral to Surgeon is not a mandatory field so is missing for most records.

The Booking Date is the date that the booking form was received by surgical scheduling office.

The Cancellation Date is the date when the surgical booking was removed from the wait list. The cancellation date may not be the date of death. It could be the date that the cancellation was recorded in the system.

A cancellation due to patient death does not necessarily infer that they died because they were waiting for surgery. For example 34% of these cancellations were for patients waiting for cataract surgery which is a non-fatal condition.

The Saskatchewan surgical registry does not contain contextual information as to why a patient may have waited. In order to determine whether a wait time contributed to a negative patient outcome, a review of each case file with care providers would be required.

Since emergency surgeries are not put on a waiting list, emergency bookings where the patient died are excluded in the table below. Waitlisted endoscopies are also excluded from these counts as data for this time period is incomplete.
