Dear Kristen Schulz:

**Re: *Freedom of Information and Protection of Privacy Act (FIPPA)*
Request – Fraser Health 24-0885**

I am writing in response to your FIPPA request made to Fraser Health on July 18, 2024. Specifically, you requested the following information:

- 1. Please provide data on the number of patients that died while on a waiting list for surgery or a procedure in fiscal year 2023-24. Please break the data out by procedure and case info – date the patient was referred to a specialist, decision date, date for the procedure and date of cancellation. Please also note the government's target time for providing the procedure in question. (Note: many hospitals/health regions were able to identify such cases as they track the reason for cancelled operations)*
- 2. Please provide data on the number of patients that died while on a waiting list for either a diagnostic scan or a consultation with a specialist in fiscal year 2023-24. Please break the data out by procedure and case info – date the patient went on the waiting list, date for the meeting with a specialist or date for diagnostic scan (if scheduled), and date of cancellation. Please also note the government's target time for providing the consultation or scan in question. (Note: many hospitals/health regions were able to identify such cases as they track the reason for cancelled operations).*

On August 27th we provided you with 1 page in response to item 1 above. We are now responding to item 2.

After conducting a search for records in Medical Imaging, 20 pages were found in response to item 2 above.

The records have been provided in their entirety.
