Dear Kristen:

## RE: Access to Information Request - HE004-26G

Your Access to Information Request was received in this office on April 16, 2025, pursuant to *The Freedom of Information and Protection of Privacy Act* (the Act) requesting:

Please provide data on the number of patients that died while on a waiting list for surgery or a procedure in fiscal year 2024-25. Please break the data out by procedure/surgery and case info – date the patient was referred to a specialist, decision date, date for the procedure and date of cancellation. Please also note the government's target time for providing the procedure in question. (Note: many hospitals/health regions were able to identify such cases as they track the reason for cancelled operations).

The timeframe for this request is April 1, 2024, to March 31, 2025.

In accordance with sections 5 and 8 of the Act, this is to inform you that your access request has been fully granted. Please find attached, 6 pages of records responsive to your request.

Should you be dissatisfied with the response you receive or the manner in which your request is handled, as per section 49 of the Act you may, within one year of being given written notice or from the date deemed to be the last day of notice, apply for a formal process review by submitting a written request to:

Office of the Information and Privacy Commissioner 503, 1801 Hamilton Street REGINA SK S4P 4B4

If you wish to contact us, please direct your correspondence to Tammy Davey, Senior Policy Analyst at <a href="mailto:tammy.davey@health.gov.sk.ca">tammy.davey@health.gov.sk.ca</a>. Please cite the assigned Ministry of Health identifier number **HE004-26G** when making an enquiry.

Yours truly,

Lisa Dietrich

Director, Health Information and Privacy

**Chief Privacy Officer**

## Surgical cancellations between 01-Apr-2024 and 31-Mar-2025 where the reason for cancellation was death of the patient

Access to Information request: Please provide data on the number of patients that died while on a waiting list for surgery or a procedure in fiscal year 2024-25. Please break the data out by procedure/surgery and case info – date the patient was referred to a specialist, decision date, date for the procedure and date of cancellation. Please also note the government's target time for providing the procedure in question. (Note: many hospitals/health regions were able to identify such cases as they track the reason for cancelled operations).

The information is based on the 20-Apr-2025 refresh of the Saskatchewan surgical registry data mart. There are 333 records for this time period.

Priority levels switched from surgeon priority levels to diagnosis-based priority levels on 01-Apr-2024. Bookings made before 01-Apr-2024 have had the surgeon priority levels mapped to the closest diagnosis-based priority level.

The Date of Referral to Surgeon was not a mandatory field so is missing for most records.

The Booking Date is the date that the booking form was received by surgical scheduling office.

The Cancellation Date is the date when the surgical booking was removed from the wait list. The cancellation date may not be the date of death. It could be the date that the cancellation was recorded in the system.

A cancellation due to patient death does not necessarily infer that they died because they were waiting for surgery. For example 33% of these cancellations were for patients waiting for cataract surgery which is a non-fatal condition.

The Saskatchewan surgical registry does not contain contextual information as to why a patient may have waited. In order to determine whether a wait time contributed to a negative patient outcome, a review of each case file with care providers would be required.

Since emergency surgeries are not put on a waiting list, emergency bookings where the patient died are excluded in the table below. Waitlisted endoscopies are also excluded from these counts for comparisons over time.

		Date of Referral
