Dear Kristen Schulz:

Re: *Freedom of Information and Protection of Privacy Act*
Request For: “Please provide documentation on the government’s (or health region’s) protocol for patients requiring potentially lifesaving heart surgery. Specifically, please provide documentation that indicates patients must be informed – at the time they decide to proceed with surgery or when it is presented as an option – of their expected wait time for surgery and the maximum recommended wait time for surgery. If a similar disclosure is required, please provide that documentation. The time period for this request is January 1, 2022 to present (we’re looking for the most recent documentation so if this protocol goes back further that is fine too – whatever is the current practice).”
Time Frame: January 1, 2022 to present
File No.: 2025-089
