Dear Kristen Schulz:

Re: Your request for access to information under Part 2 of
The Freedom of Information and Protection of Privacy Act:
(Our File No. SH2026/27-014-841553)

On April 30, 2026, Shared Health received your request for access to the following records:

> **SH2026/27-014-841553**
> **"**Please provide data on the number of patients that died while on a waiting list for surgery or a procedure in fiscal year 2025-26. Please break the data out by procedure/surgery and case info - date the patient was referred to a specialist, decision date, date for the procedure and date of cancellation. Please also note the government's target time for providing the procedure in question. (Note: many hospitals/health regions were able to identify such cases as they track the reason for cancelled operations). Date range: April 1, 2025 to March 31, 2026"

Your request for access to these records has been granted in part. Please find the information which shows the number of patients that have died while on a waiting list for a surgical procedure, decision to treat date, and the removal date of the procedure (removal from waitlist) for the fiscal year 2025-2026. Please note that the reason for patient's death is not necessarily documented in the surgical system. Therefore, the enclosed data cannot be used to determine a correlation between the surgery or the wait time for surgery and patient death.

Please note that no other records exist. Therefore, access to the remaining records that you requested is refused, as these records contain information that falls within the following exceptions to disclosure in *The Freedom of Information and Protection of Privacy Act*.

> 12(1) In a response under section 11, the head of the public body shall inform the applicant
> (c) if access to the record is refused,
> (i) in the case of a record that does not exist or cannot be located, that the record does not exist or cannot be located.

Subsection 59(1) of *The Freedom of Information and Protection of Privacy Act* provides that you may make a complaint about our decision respecting your request for access to the Manitoba Ombudsman. You have 60 days from the receipt of this letter to make a complaint on the prescribed form to:
